Summary

FTSE is in a more typical trading range on the daily candle.

Still, room to move up further, but we seem to be close to the top of our range.

Shorter-term trades of around 20 – 50 points per day are still available.

Looking for a decent pulldown to place some longer-term, 100, 200 or 300 point trades.

We expect the FTSE continue moving in a fairly tight range of 7530 to 7673, so shorter range trades of 20+ points per trade.
